Ten Poems to Say Goodbye - Roger Housden - 2012-02-21
In Ten Poems to Say Goodbye, the newest addition to the celebrated Ten Poems series, Roger Housden continues to highlight the magic of poetry, this time as it relates to personal loss. But while the selected poems in this volume may focus upon loss and grief, they also reflect solace, respite, and joy. A goodbye is an opportunity for kindness, for forgiveness, for intimacy, and ultimately for love and a deepening acceptance of life as it is rather than what it was. Goodbyes can be poignant, sorrowful, sometimes a relief, and—now and then—even an occasion for joy. They are always transitions that, when embraced, can be the door to a new life both for ourselves and for others. In this inspiring and consoling volume, Housden encourages readers to embrace poetry as a way of enabling us to better see and appreciate the beauty of the world around and within us.

The Ashgate Research Companion to Dutch Art of the Seventeenth Century - Wayne Franits - 2017-07-05
Despite the tremendous number of studies produced annually in the field of Dutch art over the last 30 years or so, and the strong contemporary market for works by Dutch masters of the period as well as the public's ongoing fascination with some of its most beloved painters, until now there has been no comprehensive study assessing the state of research in the field. As the first study of its kind, this book is a useful resource for scholars and advanced students of seventeenth-century Dutch art, and also serves as a springboard for further research. Its 19 chapters, divided into three sections and written by a team of internationally renowned art historians, address a wide variety of topics, ranging from those that might be considered "traditional" to others that have only drawn scholarly attention comparatively recently.

Ten Poems to Change Your Life - Roger Housden - 2007-12-18

Great poetry calls into question everything. It dares us to break free from the safe strategies of the cautious mind. It opens us to pain and joy and delight. It amazes, startles, pierces, and transforms us. It can lead to communion with each new reading, and each new phase of our journey. That’s why poetry is dangerous. It gives voice to our universal themes as the awakening of wonder, the longing for love, the wisdom of dreams, and the courage required to live an authentic life.

Great poetry is a catalyst for change: a change of mind, a change of heart, a change of life—and yes, over and over, again and again, with each new reading, and each new phase of our journey. That’s why poetry is dangerous. It gives voice to our unspoken dreams; it is a mirror to our own deepest joys, desires, and sorrows. It can tip us over into a new life, into a new way of seeing and being, that a moment ago we might even have had no words for. In this new volume of his Ten Poems series, Roger Housden takes ten great poems and in personal, intimate essays shows how they led him, and can also lead us, into a more deeply lived and examined life.

Housden says, “Every one of the poems in this book has struck me a blow, a direct hit, each of them, into the heart of hearts. Every one of them, in its own way, has opened a door for me to go deeper into my own experience, my own longings, my own sorrows and joys, and into the silence that surrounds all of this, all of us, always.”

Ten Poems to Change Your Life Again and Again - Roger Housden - 2010-04-21

Every great poem invites us to step beyond what we know, what we think we can dream or dare. Great poetry is a catalyst for change: a change of mind, a change of heart, a change of life—and yes, over and over, again and again, with each new reading, and each new phase of our journey. Women Artists in Interwar France - Paulaj, Birnbaum - 2017-07-05

Women Artists in Interwar France: Framing Femininities illuminates the importance of the Soci? des Femmes Artistes Modernes, more commonly known as FAM, and returns this group to its proper place in the history of modern art. In particular, this volume explores how FAM and its most famous members?Suzanne Valadon, Marie Laurencin, and Tamara de Lempicka?brought a new approach to the most prominent themes of female embodiment: the self-portrait, motherhood, and the female nude. These women reimagined art’s conventions and changed the direction of both art history and the politics of their contemporary art world. FAM has been excluded from histories of modern art despite its prominence during the interwar years. Paula Birnbaum’s study redresses this omission, contextualizing the group’s legacy in light of the conservative politics of 1930s France. The group’s artistic response to the reactionary views and images of women at the time is shown to be a key element in the narrative of modernist formalism. Although many FAM researchers have dismissed the group as missing—one reason for the lack of attention paid to their efforts?Birnbaum’s extensive research, through archives, press clippings, and first-hand interviews with artists’ families, reclaims FAM as an important chapter in the history of art from the interwar years.

Seven Sins for a Life Worth Living

“Conventional wisdom,” says Roger Housden, “tells us that nobody goes to heaven for having a good time.” Seven Sins for a Life Worth Living, then, is a refreshing, liberating, and decidedly welcome dose of unconventional wisdom that awakens us to the simple delights and transformative joys of the world around us. With elegance, gentle humor, and remarkable openness, Housden takes us along as he recalls his personal journey toward an appreciation of what he calls the Seven Pleasures: The Pleasure of All Five Senses, The Pleasure of Being Foolish, The Pleasure of Not Knowing, The Pleasure of Not Being Perfect, The Pleasure of Doing Nothing Useful, The Pleasure of Being Ordinary, and The Pleasure of Coming Home. Housden writes, for instance, of submitting to the ultimate folly of falling in love, of celebrating our imperfections, of coming to understand the virtues of the Slow Food movement while enjoying an all-afternoon lunch in a small French village, and of discovering in a Saharan cave that, however extraordinary our surroundings, “we are human, a glorious nothing much to speak of”—and learning to be at peace with the notion. Such pleasures may be suspect in today’s achievement-driven, tightly scheduled, relentlessly self-improving, conspicuously consumptive culture, but surely the greater sin lies in letting them slip away moment by precious moment. “The purpose of this book,” says Housden, “is to inspire you to lighten up and fall in love with the world and all that is in it.” Reading it is a pleasure indeed. “When you die, God and the angels will hold you accountable for all the pleasures you were allowed in life that you denied yourself.” Roger Housden, author of the bestselling Ten Poems series, presents a joyously affirmative, warmly personal, and spiritually illuminating meditation on the virtues of opening ourselves up to pleasures like being foolish, not being perfect, and doing nothing useful, the pleasure of not knowing, and even (would you believe it?) the pleasure of being ordinary.

Dancing with Joy

In his collection Risking Everything, Housden addressed love’s many aspects. Now, in Dancing with Joy, he assembles 99 poems from 69 poets that celebrate the many colors of joy. Anything can be a catalyst for joy, these poems reveal. For Wislawa Szymborska, the catalyst is a dream; for Robert Bly, being in the company of his ten-year-old son; for Gerald Stern, it is a grapefruit at breakfast; for Billy Collins, a cigarette. Dancing with Joy includes English and Italian classical and romantic works; early Chinese and Persian verse; and poems from Chile, France, Sweden, Poland, Russia, Turkey, and India, plus a range of contemporary American and English poets. Whether inspiration is what you need, or an affirmation of what is already joyful in life, Dancing with Joy is a welcome treat for Housden’s numerous fans, as well as anyone looking for sheer happiness, marvelously expressed.

Risking Everything

“Listen, are you breathing just a little, and calling it a life?” —Mary Oliver This luminous anthology brings together great poets from around the world whose work transcends culture and time. Their words reach past the outer divisions to the universal currents of love and revelation that move and inspire us all. These poems urge us to wake up and love. They also call on us to relinquish our grip on ideas and opinions that confine us and, instead, to risk moving forward into the life that is truly ours. In his selection, Roger Housden has placed strong emphasis on contemporary voices such as the American poet laureate Billy Collins and the Nobel Prize-winners Czeslaw Milosz and Seamus Heaney, but the collection also includes some timeless echoes of the past in the form of work by masters such as Goethe, Wordsworth, and Emily Dickinson. The tens of thousands of readers of Roger Housden’s “Ten Poems” series will welcome this beautiful harvest of poems that both open the mind and heal the heart.

Rembrandt

Rembrandt. The very name of this legendary artist has come to signify excellence. But what about the man himself? Learn his unfortunate story—how he gained overwhelming commercial acceptance at an early age, only to have it slip away and never return. His personal life was tragic, filled with financial problems. Yet, despite all his troubles, the fame of genius never died inside him. Rembrandt, master of light, continued to be a master artist.

More than 50 years ago scientists made a remarkable discovery, proclaiming, “We have found the secret of life and it’s so pretty!” The secret was the discovery that life is helical, two strands wound around a single axis—what most of us know today as the model for DNA. Over the course of his ministry, author Leonard Sweet has discovered that this divine design also informs God’s blueprint for the church. In this seminal work, he shares Sweet shows how this structure is God's original intent, and shares the simply beautiful design for His church.

Landscape and Religion from Van Eyck to Rembrandt

Offering a corrective to the common scholarly characterization of seventeenth-century Dutch landscape painting as modern, realistic and secularized, Boudewijn Bakker here explores the long history and purpose of landscape in Netherlandish painting. In Bakker's view, early Netherlandish as well as seventeenth-century Dutch painting can be understood only in the context of the intellectual climate of the day. Concentrating on landscape painting as the careful depiction of the visible world, Bakker's analysis takes in the thought of figures seldom consulted by traditional art historians, such as the fifteenth-century philosopher Dionysius the Carthusian, the sixteenth-century religious reformer John Calvin, the geographer Abraham Ortelius and the seventeenth-century poet Constantijn Huygens. Probing their conception of nature as 'the first Book of God' and art as its representation, Bakker identifies a world view that has its roots in the traditional Christian perceptions of God and creation.

Landscape and Religion from Van Eyck to Rembrandt imposes a new layer of interpretation on the richly varied landscapes of the great masters. In so doing it adds a new dimension to the insights offered by modern art-historical research. Further, Bakker's explorations of early modern art and literature provide essential background for any student of European intellectual history.

Men to Avoid in Art and Life

Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcallings, or offering sage advice about horseback riding to the woman who owns the horse. These less qualified men of antiquity dish out mediocrity as if it's pure genius. For the women who have endured overbearing men over the centuries. Written with hilariously painful accuracy “Now, when you’re riding a horse, you need to make sure to keep a good grip on the reins.” “These are my horses.” Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter.

Lace Yeager is young, captivating, and ambitious enough to take the NYC art world by storm. Groomed at Sotheby's and hungry to keep climbing the social and career ladders put before her, Lacey charms men and women, old and young, rich and even richer with her magnetic charisma and liveliness. Her ascension to the highest tiers of the city paralel the soaring heights—and, at times, the dark lows—of the art world and the country from the late 1990s through today.

On Beauty

In this loose retelling of Howard's End, Zadie Smith considers the big questions: Why do we fall in love with the people we do? Why do we visit our mistakes on our children? What makes life truly beautiful? Set in New England mainly and London partly, On Beauty concerns a pair of feuding families—the Belseys and the Kippses—and a clutch of doomed affairs. It puts low morals among high ideals and asks some searching questions about what life does to love. For the Belseys and the Kippses, the confusions—both personal and political—of our uncertain age are about to be brought close to home: right to the heart of family.

Written with hilariously painful accuracy “Now, when you’re riding a horse, you need to make sure to keep a good grip on the reins.” “These are my horses.” Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter.

Men to Avoid in Art and Life

Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcallings, or offering sage advice about horseback riding to the woman who owns the horse. These less qualified men of antiquity dish out mediocrity as if it's pure genius. For the women who have endured overbearing men over the centuries. Written with hilariously painful accuracy “Now, when you’re riding a horse, you need to make sure to keep a good grip on the reins.” “These are my horses.” Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter.
